

Leo Vandorpe

Staff Governor

I joined Glebe in October 2018 after moving to England from Belgium. I'm currently in my sixth year of teaching and I am currently educating year 5. Being able to say I work at Glebe is a great honour, working alongside a strong team, sharing the same mindset of wanting the best for the children in Glebe's attendance. One of my highlights at Glebe has been organising and running the hockey league for our year 5 and 6 pupils and achieving first place in the borough competition.

Developing our school is something I have a great interest in. As the new staff governor, I will embrace assisting the wider governing body from a different angle in making head way for our school's future.
