

Natalya Gordon
Staff Governor

I joined Glebe in September 2021 as Year 5 lead and I am currently in my seventh year of teaching. I have thoroughly enjoyed my time at Glebe; working with a range of staff and children through choir and young voices. Through staff meetings and training, I embrace any developments the school implements to ensure that my teaching progresses with the school.

School development is something that I take great interest in and as staff governor, I hope to work with the wider governing body to support the school from a different angle.
