

Natalie Ross

Co-opted Governor

I have been a Governor at Glebe School since 2010. I am on the Curriculum and Policies Committee and I am Link Governor for Inclusion and the Hub and I am an adopted Governor i.e. I am linked with a particular class.

My career has been in education, as a teacher and then as an Educational Psychologist working with children who have special educational needs, including hearing and vision difficulties. I am keen to continue to support Glebe School at an exciting time in the life and development of the school.
