

Philip Niznik

Co-opted Governor

Glebe's ever growing reputation within the Borough is of a school that not only provides good academic performance, but does so in combination with an inclusive, friendly and supportive learning environment for our children.

So I became a Co-opted Governor to help find ways to both maintain standards and improve the position that Glebe has garnered. I look forward to continuing the good work of the Governing team to support their mission to excel, while holding firm to the incredible ethos that make Glebe stand out.
