

Jennifer Campbell

Co-opted Governor

I became a Parent Governor in 2019 and I was delighted to be asked to stay on as a co-opted Governor when my initial term came to an end in January 2023. My son left Glebe last year and my daughter is currently in year 5. I am the link Governor for Wellbeing which is a topic I am very passionate about. I am also an adopted Governor to 2 classes and being in regular contact with the teachers gives me a better understanding of how the school works which helps me be more effective in my role.

I am a Chartered Accountant and work for a large professional services firm in London.

I became a governor as a way to support the school and local community. I strongly believe that every child has a right to the best education possible and my role as Governor allows me to help ensure this is achieved at Glebe.
