

Melanie Penney

Head Teacher / Ex-officio

My membership of the Governing Body is 'ex-officio' which means that my place on the Board is a direct result of the position I hold in school as Head Teacher.

I have the same voting rights as other members of the Board. My core role is to implement the Governing Body's strategy in practice and to provide detailed information to the Board at meetings. At each full Governing Body meeting (6 per year), I write a detailed report for Governors outlining key information, including progress on school development points, self-evaluation, standards of teaching and learning, pupil progress data, anti-bullying, Prevent, safeguarding and child protection and other key areas.
