

Nursery Newsletter

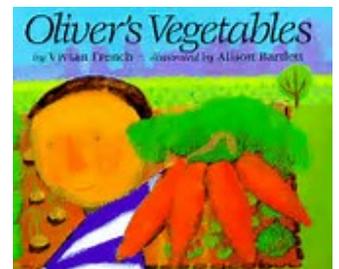

Friday 11th October

We have had a lovely week learning about our senses of taste and smell. We got to have a smell of some nice smells; herbs and spices, perfume, fresh rosemary, body spray, mint leaves, hand cream and much more.

Next week we will be learning all about healthy and not so healthy foods, and what we need to do to be healthy. We will also be trying lots of different fruits and vegetables to decide which ones are our favourite.

We will be reading the book *Oliver's Vegetables* and would like to make some yummy Vegetable soup, this is where we need your help. We are asking all the children to bring in some vegetables, onions, potato's, carrots, celery, peppers, mushrooms, pumpkins, broccoli, squash, courgettes, aubergines, any contributions would be much appreciated.

If you have any spare potatoes, we would put them to good use with some potato printing, planting and digging for potato's in the sand.

Next week we will continue to learn about the sounds we hear when we are out and about, birds, rain, cars, lorries, motorbikes etc. We will also be learning about the number 5 and the rectangle shape.

On Tuesday 15th October and Thursday 17th October we will be having parent's evening along with the rest of the school, if you have made an appointment a slip with your appointment time has been sent home in book bags today. Mrs Pione and Mrs Message will be doing parent's evening on both Tuesday and Thursday.

Illness – please be aware that the rule in Nursery for sickness and diarrhoea is that the children have to be clear for 48 hours before they return to Nursery. The children particularly in Nursery are not the most hygienic bunch and germs spread very quickly. If your child has a very high temperature and are not themselves we ask that you keep them off school until they are better.

Thank you.
We hope you have a lovely weekend
Mrs Pione and the Nursery Team.
