

Nursery Newsletter

Friday 14th February

This week we have been learning about Number Rhymes and reading books with numbers in them. We have read lots of lovely books and have been learning about number formation. We have been watching 'Jack Hartman number formation' on YouTube, the children love it!

After half term we will be starting our topic of Fairy Tales and we will be focusing on food based Fairy tales, 'The Gingerbread Man' and 'The Little Red Hen'. We will be doing lots of fun activities based around these Fairy Tales.

In maths we will be counting and identifying numbers, we will also be looking at positional language.

All day Nursery will be learning about Hansel and Gretel, the letter N and shapes.

Thank you to all the parents who came along to Parent's evening this week, it was lovely to see so many of you.

Chicken Pox – we have had a confirmed case of Chicken pox in Nursery.

Conjunctivitis – We have had a few cases in the last two weeks.

Don't forget it is half term next week, we hope you have a lovely break and we look forward to seeing you on the 24th February.

Thank you
Mrs Pione and the Nursery Team.
