

Nursery Newsletter

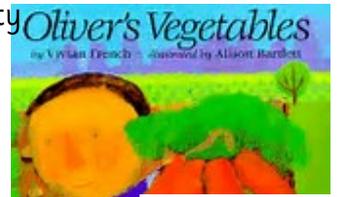

Friday 9th October

We have had a lovely week learning about our senses of taste and smell. We got to have a smell of some nice smells; herbs and spices, perfume, fresh rosemary, body spray, mint leaves, hand cream and much more.

Next week we will be learning all about healthy and not so healthy foods, and what we need to do to be healthy. We will also be trying lots of different vegetables to decide which ones are our favourite.

We will be reading the book 'Oliver's Vegetables' and are going to try a variety of vegetables to decide which is our favourite. We will be trying cucumber, pepper, celery, sweetcorn, lettuce and carrots. If your child cannot eat any of these vegetables please let us know.

If you have any spare potatoes, we would put them to good use with some potato printing, planting and digging for potato's in the soil.

Next week we will continue to learn about the sounds we hear when we are out and about, birds, rain, cars, lorries, motorbikes etc. We will also be learning about the number 4 and the square shape.

Parents consultations are on Wednesday 14th of October and Wednesday 21st October. Today you will receive your time slot and a form containing discussion points if your appointment is next week. The discussion points for the 21st October will be sent home next week with the time slot you have been allocated. Due to the large numbers of children in Nursery, phone calls will last for 5 minutes.

'Hello Yellow' – it was lovely to see the children wearing yellow today, thank you for the contributions towards Young Minds.

Reminder – can we please remind you that all children should be wearing plimsolls or soft-soled trainers in Nursery every day. Can we ask you to send in named wellies if it is raining.

Thank you.
We hope you have a lovely weekend
Mrs Pione and the Nursery Team.
