'Build a Scarecrow Competition'

On behalf of Smiths Garden Centre, we would like to invite the children of Glebe Primary to participate in a 'Build a Scarecrow Competition' which is being held during November.

Please help us design a winning scarecrow, all materials must be recyclable. Our scarecrows will be placed on a trail throughout the centre for everyone to admire. The public will be invited to choose their favourite through a People's Vote token system.

A prize in the form of a credit note to the value of £200 to be spent in store will be awarded to the winning school. Just think of all the exciting things we could buy for our school gardens!

We plan to make two scarecrows, one in EYFS/KS1 and one in KS2, **WE NEED YOUR HELP** with the design. You can use your own template or the one attached to design the winning scarecrow in school. We plan to use our school jumper, grass from the school field and recycled materials. Please label your design and provide as much information as you can. The winning design will then be used and made in school on the week beginning 2nd November 2020.

Please send in your designs by Wednesday 21st October!
