

GLEBE

GLEBE PARENT NEWSLETTER

I hope you all had a good week last week.

Please do not adjust your devices - this really is the weekly newsletter! I am delighted to present Glebe's new look Parent Newsletter as designed by the very talented Marissa Brown (mum of Sophie in year 6 and Ellie in year 1) who has worked hard to give the newsletter a professional makeover. I hope you all enjoy reading it.

MONDAY 6TH MARCH 2023

Weekly Attendance

2F	99.3
1A	99.3
5G	98.5
1C	98
4JL	97.9
5I	97.7
4R	97.5

MENTAL HEALTH

Let's connect

Mental Health First Aid Training.

Mental Health First Aid (MHFA) is an internationally recognised training course, designed to teach people how to spot the signs and symptoms of mental ill health and provide help on a first aid basis. In the same way as learning physical first aid, MHFA teaches people how to recognise those crucial warning signs of mental ill health and feel confident to guide someone to appropriate support.

We have invested in training 11 members of staff, including one LSAs from each year group. We hope by skilling up a large number of staff means that all pupils will have access to a fully qualified Mental Health First Aider who can triage cases for Mrs Sheldon so she only deals with the most significant incidents.

REMEMBER

Key Information & Dates

Preloved Uniforms

Email us at: glebeuniformsales@gmail.com

Please let us know what you need in which sizes, plus your child's name and class so that we can deliver the items to you via them.

Online Safety

Children enjoy playing games and often talk about the games they are playing. This week we have attached a guide on how gaming can support positive outcomes.

Thank you

Mr Perkins and Ms Arshad

Onsite Parking for Assemblies

Please note that parking on the playground is for assemblies only - not for other performances. Parking on assembly days is available on the playground from 9.05am - not before for health and safety reasons.

Key Dates

Wednesday 8th March: Year 4 trip to Verulamium
Thursday 9th March: 3ME Class Assembly at 9.15am
Friday 10th March: FOG Quiz Night – 7.30pm for 8pm start

~~~~~

Monday 13th March: Reception Spring Production 10am  
2G Great Fire of London trip

Tuesday 14th March: Reception Spring Production 2pm  
Thursday 16th March: 5I Royal Institute of Science trip  
Friday 17th March: Reception Spring Production 10am  
5G Royal Institute of Science trip

~~~~~

Monday 20th March: 5V Royal Institute of Science trip

Wednesday 22nd March: Year 6 Junior Citizen event
Year 3 trip to Chiltern Air Museum

Thursday 23rd March: Cinema trip for Film Club and writing competition winners

~~~~~

Monday 27th March: Year 6 class, individual and sibling photo day

Tuesday 28th March: St Giles Easter services

Friday 31 March: Term ends (one hour earlier)

## Key Information & Dates

### A Governor's Perspective

Rita Collins is an adopted governor for 2F and was invited to join them for the school trip to Pudding Lane to consolidate their recent learning about the Great Fire of London. She had the following to say about the experience:

“I had the honour of accompanying 2F to Pudding Lane where we met by a representative from Wren 300 who conducted a fantastic and informative tour of the pinnacle points of the Great Fire of London, including the Monument of the Great Fire of London, Thomas Farriner’s bakery (where the fire allegedly started) and Seething Lane (where Samuel Pepys lived and worked during the Great Fire of London). The children also had the opportunity to dress up as Christopher Wren and his sisters, take part in interactive workshops and listen to stories about Wren’s part in rebuilding the City, which they thoroughly enjoyed.

The children were curious, inquisitive and genuinely interested in the tour. I was so impressed at how easily they recollected and contributed facts about The Great Fire of London. They were impeccably behaved and tackled the vast walking (over 13,000 steps, according to my pedometer!) with great energy and maturity. They were the perfect ambassadors of the Glebe ethos! I was also impressed at how much effort and organisation went into to the trip by the Glebe staff members who I witnessed go over and beyond to make the day successful, so it is certainly worthy of a mention and a huge thank you!”

# THIS WEEK'S NEWS

## SEN support plans

Updated SEN support plans were sent home on Friday 3rd March via your child - if you wish to discuss the plan with your class teacher or Mrs Connolly/Mr Dwyer then please send a Dojo to your child's teacher.

## REDUCING FOOD MILES

Solutions

1. We can buy food from closer countries so that we are using less fuel to travel.
2. We can advertise accurately where the food comes from.
3. Develop alternatives to Palm oil or soya in food such as chocolate.
4. Crop improvement. Reeds into high-yield resistant crops.

### A brief history of pasta:

archeologist believe that central Asia is most likely the first area to have produced noodles thousands of years ago. From Asia it traveled westward.

| Type of Pasta | Package design                                                                                    | Ingredients                                  |
|---------------|---------------------------------------------------------------------------------------------------|----------------------------------------------|
| Spaghetti     | The package design is spaghetti and plastic. It is also glow-wrap pillow type flexible packaging. | Milled wheat, water and eggs.                |
| Farfalle      | Thin white wheat plastic. There are also cooking instructions on the bag.                         | Seminole flour, almond pulp, flour and eggs. |
| macaroni      | It uses plastic. I like when glow-wrap pillow type flexible packaging.                            | durum flour, water                           |
| ravioli       | It uses plastic. Sometimes add a flag and has different bags.                                     | Meat, cheese and veg, flour and water.       |
| Penne         | It uses plastic. Has ingredients on the back. Some have different languages.                      | Seminole (wheat), durum flour and water.     |

In D&T, we have been looking at how we can reduce our food miles. Furthermore, we have started to study different kinds of pasta. This might have something to do with what we're making next 😊

### A brief history of pasta:

Pasta, china invented it (the pasta) in 1700-1100 B.C. Pasta also appears to be a feature in the ancient Greek diet. Pasta can be in different sizes & shapes. The word 'pasta' likely derives from the Italian language from which pasta shapes are made.

| Type of Pasta | Package design     | Ingredients                                                                |
|---------------|--------------------|----------------------------------------------------------------------------|
| Penne         | 1375 Penne package | Penne pasta's ingredients are semolina (wheat), durum wheat flour and egg. |
| farfalle      | farfalle package   | farfalle pasta's ingredients are durum wheat flour and egg.                |
| macaroni      | macaroni package   | macaroni pasta's ingredients are durum wheat flour and egg.                |
| Cavatappi     | catavappi package  | Cavatappi pasta's ingredients are durum wheat flour and egg.               |
| Conchiglie    | conchiglie package | Conchiglie pasta's ingredients are durum wheat flour, salt, water and egg. |

## REDUCE THE FOOD MILES

Number 3

we can just keep the food in the country and people won't have to travel instead.

OR we can make food for a day.

we can grow some food (that grows) and turn that into the food we like from a different country.

we can try to be a little independent and try to make the food we like from our country.

READ, LISTEN, WE CAN'T DO ANYTHING.
