Dear Parents,

As in previous years, we wanted to let you know that we are using DoodleMaths and DoodleTables with your child's class! It is an educational app that can be used on tablets, smart phones, laptops or desktops and it supports your child's mathematical learning. It is particularly effective because Doodle builds confidence and ability in maths by creating every child a personalised work programme tailored to their strengths and weaknesses.

One of the best ways to support your child's mathematical education to doing a little bit each day and using Doodle for just 10 minutes a day is proven to help children make three months of progress in just one month!

As an extra incentive for the children, as a reward for the class with the most stars each week will receive a turn on the MUGA during Monday's playtime.

All of the children's passwords have been reset and they have been put in their reading records for easy access. This will not have had an effect on any of their previous progress or stars.

We have included some more information and a parent's set up guide if you need help getting started:

How to get started

1. Watch this video with your child/ren:

2. Download the DoodleMaths app onto an Apple, Android or Amazon device. You can also log in by visiting students.doodlelearning.com/maths on a laptop or desktop. Follow the instructions in the video above to log in.

3. Use the username and password provided by your child's teacher to log in.

Support for parents and carers

Link your email address to your child's account by visiting parents.doodlelearning.com, hovering over My account and clicking on Child details. Then, press the Link to my child's school account box on the left-hand side of the screen.
