

We can and we will

GLEBE PRIMARY SCHOOL

RELATIONSHIPS, SEX AND HEALTH EDUCATION

POLICY

Mission Statement:

At Glebe School, we believe in an ethos that values the whole child. We strive to enable all children to achieve their full potential academically, socially and emotionally.

Aims

The aims our Relationships and Sex education (RSE) curriculum at our school are to:

- Provide a framework in which sensitive discussions can take place;
- Prepare the pupils for puberty and give them an understanding of sexual development and the importance of health and hygiene;
- Help pupils develop feelings of self-respect, confidence and empathy;
- Create a positive culture around issues of sexuality and relationships;
- Teach pupils the correct vocabulary to describe themselves and their bodies.

Statutory Requirements

The education Act 2002 sets out the statutory duties, in the national curriculum, which all schools are required to meet: 'Every state-funded school must offer a curriculum which is balanced and broadly-based and which:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.'

<https://www.gov.uk/government/publications/national-curriculum-in-england-framework-for-key-stages-1-to-4/the-national-curriculum-in-england-framework-for-key-stages-1-to-4>

The Education Act 1996, as amended by the Learning and Skills Act 2000

<https://www.legislation.gov.uk/ukpga/2000/21/contents> , requires head teachers and governing bodies to have regard to national guidance on Sex and Relationships Education in schools and to protect children from unsuitable teaching and materials.

Under the Children Act 2004 (Every Child Matters)

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/272064/5860.pdf , schools have a duty to promote the well-being of

Relationships, Sex and Health Education Policy

their pupils and good quality RSE contributes to this duty. Further, we recognise that as a school we have a responsibility under the Relationship & Sex Education <https://www.legislation.gov.uk/ukdsi/2019/9780111181997> and Health Education (England) Regulations 2019, <https://www.gov.uk/government/publications/health-education-england-mandate-2018-to-2019> made under sections 34 & 35 of the Children & Social Work Act 2017 <https://www.legislation.gov.uk/ukpga/2017/16/contents/enacted>, to provide comprehensive Relationship Education and Health Education for all pupils receiving primary education.

RSHE became statutory in all schools from September 2019. Since then, the DfE has released an updated version of the statutory requirements that will come in effect from September 2026. The law requires that Relationships and Sex Education (RSE) is to be taught in all secondary schools in England and that Relationships Education is to be taught in all primary schools in England. Primary schools are also required to teach the elements of sex education contained in the science curriculum and Health Education will also be mandatory in all Government-funded schools, which includes content on puberty.

At Glebe Primary School, we teach RSE as set out in this policy.

Policy Requirements

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance;
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations;
3. Parent/stakeholder consultation – parents and any interested parties are able to access the policy on the school website and can feedback as they feel appropriate;
4. Ratification – once amendments were made, the policy was shared with governors and ratified.

Definition

RSE is about the emotional, social and cultural development of pupils and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity. RSE involves a combination of sharing information and exploring issues and values. RSE is not about the promotion of sexual activity.

Introduction

This policy covers our school's approach to RSE. It was produced by SLT in consultation with all teaching staff, parents and governors between June 2019-October 2020. The policy has been updated according to the changes made to the statutory guidance and is available to parents through the school prospectus and website. A paper copy can be made available by written request. We are committed to promoting a safe and healthy lifestyle. Relationships and Sex

Relationships, Sex and Health Education Policy

Education is not regarded as a subject in its own right, but it is part of a carefully planned element in PSHE and Citizenship education. Effective Relationships and Sex Education needs to be taught in an atmosphere of trust, responsibility and respect where sensitive issues can be discussed without embarrassment or threat.

Curriculum

We follow the curriculum program as set out JIGSAW PSHE. This curriculum is set out as per Appendix 1. If government guidance changes, however, we may have to update it accordingly.

We have chosen this curriculum in consultation with parents and staff, taking into account the needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and do not seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings (puberty), this includes the menstrual cycle.
- How a baby is conceived and born
- The correct names of the main external body parts, including penis, vulva, vagina, testicles, scrotum and nipples.

For more information about our curriculum, see our curriculum map in Appendix 1.

Delivery of RSE

Our Relationships and Sex Education (RSE) programme can help children prepare for the opportunities and responsibilities of adult life, and can promote their moral, social, mental and physical development. As highlighted from the DFE guidance, our teaching will support our pupils to cultivate positive characteristics including resilience, self-worth, self-respect, honesty, integrity, courage, kindness and trustworthiness. It equips the children with the information, skills and positive values to have safe, fulfilling relationships and to take responsibility for their well-being. Our programme is set within a moral framework and is matched to the pupils' level of maturity.

At Glebe, children's wellbeing, happiness and safety are our first responsibility. We are committed to promoting a safe and healthy lifestyle. Therefore, our Relationships and Sex Education (RSE) is not regarded as a subject in its own right but it is an integral part of our Personal, Social, Health and Economic (PSHE) education. The biological aspects of RSE are taught within the science curriculum and other aspects maybe included in religious education (RE). Pupils also receive stand-alone sex education sessions delivered by their teachers and where appropriate health professionals.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me;
- Caring friendships;

Relationships, Sex and Health Education Policy

- Respectful, kind relationships;
- Online safety and awareness;
- Being safe.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances. Children will be taught that families can include single parent families, same-sex parents, families headed by grandparents, adoptive parents, foster parents/carers (amongst other structures) or that some children may have a different structure of support around them (for example: looked after children or young carers).

From key stage 1 to key stage 2, RSE includes laying foundations of understanding about growth and change and respect for one another; later in key stage 2 it will promote the preparation for the changes of puberty. We believe it is important to address relationships and sex education in this age group because it will promote the values 'the importance of healthy, kind and stable relationships', 'marriage' and 'family life'.

We recognise and respect pupils' different abilities, levels of maturity and personal circumstances; for example their own sexual orientation, gender identity, faith or culture (which may, depending on their age and maturity, not be something they have yet considered or may be 'emerging') or the sexual orientation, gender identity, faith or culture of their immediate family, close friends and wider community. We ensure that all young people have equal access to our relationships and sex education programme.

The school is well aware that the primary role in children's sex education lies with parents and carers. We wish to build a positive and supporting relationship with the parents of children at our school through mutual understanding, trust and co-operation. In promoting this objective we:

- inform parents about the school's sex education policy and practice;
- inform parents in advance when sensitive topics are due to be discussed/ taught;
- answer any questions that parents may have about the sex education of their child;
- offer parents support in talking to their children about sex education and how to link this with what is being taught in school;
- take seriously any issue that parents raise with teachers or governors about this policy or the arrangements for RSE in the school;
- encourage parents to be involved in reviewing the school policy and making modifications to it as necessary;
- inform parents about the best practice known with regard to RSE, so that the teaching in school supports the key messages that parents and carers give to children at home. We believe that, through this mutual exchange of knowledge and information, children will benefit from being given consistent messages about their changing body and their increasing responsibilities.

Relationships, Sex and Health Education Policy

Parents have the right to withdraw their child from all or part of the sex education programme that we teach in our school but not from the biology taught in science lessons nor from relationships education. If a parent wishes their child to be withdrawn from sex education lessons, they should discuss this with the Head teacher and make it clear which aspects of the programme they do not wish their child to participate in and their reasons for doing so. The school always complies with the wishes of parents in this regard. Please see Appendix 4

Whenever more sensitive or specific aspects of this work are covered, it is important to notify parents and carers. Many are comfortable with the school taking the lead on planned learning but want to be prepared to answer their children's subsequent questions or simply talk together about their children's learning. Whenever more sensitive or specific aspects of this work are covered it is important to notify parents and carers. We will notify parents when particular aspects of sex and relationships education will be taught, by letter or through Class Dojo.

It is essential that lessons are sensitive to a range of views but the school must ensure that pupils have always access to the learning they need to stay safe, healthy and understand their rights as individuals. This should include clear, impartial scientific information as well as covering the applicable law in a factual way so that pupils are clear about their rights and responsibilities as citizens and for their bodies. It should also cover the concept of, and legislation relating to, equality.

While much of the relationships and sex education pupils receive will take place in PSHE lessons, it is important that this learning is linked to broader school policies and the curriculum in relevant subjects. A commitment to equality, for example, must run through the life of the school rather than there being the view that this is a 'topic' which can be covered in PSHE alone.

In addition, to the RSE covered in PSHE education, there is also work in the science national curriculum that covers basic human biology and is still statutory in maintained schools. PSHE education is where young people have the opportunity to consider what this knowledge and understanding means to them and to develop the skills and strategies they will need to apply this knowledge in their lives.

It is also very important to make links with the ICT/Computing curriculum. As part of RSE, it is vital that pupils recognise ways they could put themselves at risk through the use of technology. These can include risks to their emotional and physical wellbeing and safety and their personal reputation. It is important to explore the risks; the law - as it pertains to online behaviours including image downloading and sharing of compromising or inappropriate images including deepfakes and AI-generated images as well as downloading and sharing of personal information.

Teaching Strategies

The Jigsaw approach takes the different learning strategies into account, which are in line with our Glebe Teaching and Learning Policy. The Jigsaw programme can be tailored accordingly;

- The Jigsaw approach promotes mindfulness in each lesson. Mindfulness it to be aware of your thought and feelings as they arise, and to be able to focus your mind on what you choose to focus it on both outside of you and within you. In Jigsaw, the mindful approach to PSHE, mindfulness is developed in 3

Relationships, Sex and Health Education Policy

main ways:

a) through the 'Calm Me' time in each Piece (lesson). This consists of breathing techniques, awareness exercises and visualisations, enabling children not to empty their minds but to quiet them and become aware of the activity within them and manage it positively.

b) through the taught curriculum. Lessons (Pieces) help children to explore their thoughts and feelings, to expand their emotional vocabulary, explore thoughts-feelings-consequence sequences, build their confidence and express themselves in a safe environment.

c) through the 'Pause Points' in lessons (Pieces) which ask children to 'Stop and look inside' to practise observing their thoughts and feelings relating to what they are learning about in that lesson.

- Jigsaw aims to meet children's needs and therefore, establish a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, it vital. To enable this, 'ground rules' are agreed and owned at the beginning of the year and are reinforced in every Piece – by using The Jigsaw Charter. We take turns to speak; We use kind and positive words; We listen to each other; We have the right to pass; We only use names when giving compliments or when being positive; We respect each other's privacy (confidentiality)
- Each year group will use individual Jigsaw Friends. These are mainly used as the 'talking object' in circle discussions. They pass the 'Friend' around the circle and when holding the Jigsaw Friend, it is their turn to talk or to offer suggestion, experience or feeling relevant to the discussion if they choose to. Additionally, the Jigsaw Friends act as a distancing tool so that children can talk about potentially more sensitive issues without referring directly to themselves.
- Most puzzles include the use of the Jigsaw Circle in some Pieces (lessons). The Jigsaw Circle is a tried and tested teaching approach.
- Jigsaw follows the following structure of the Pieces (lessons):
 - Connect Us** - This is a game or activity designed to be fun and inclusive and to build and maximise social skills. 'Connect us' engenders positive relationships and enhances collaborative learning. It sets the atmosphere at the beginning of each Jigsaw Piece and can be used again at the end should the teacher feel the atmosphere needs to be lifted after some deep work during the lesson.
 - Calm Me** - This section of the Piece helps children gain awareness of the activity in their minds, relaxing them and quietening their thoughts and emotions to a place of optimum learning capacity. This will also engender a peaceful atmosphere within the classroom. It may well take a number of sessions before children can do this successfully, as many children live in continually noisy and hectic environments. It is an invaluable life skill which also enhances reflection and spiritual development. This underpins the mindful approach advocated in Jigsaw (See 'mindfulness' above)
 - Open my Mind** - The Reticular Activating System of the brain filters the many stimuli entering the child's mind at any given time. It is designed only to allow in that which is significant. Therefore, it is important to engage this system with the most important aspects of learning intended for each Piece (lesson). If we do this well, it will enable children to filter out activity around them not significant to this learning intention, thereby improving concentration and learning.

Relationships, Sex and Health Education Policy

Tell Me or Show Me - This section of the Piece (lesson) is used to introduce new information, concepts and skills, using a range of teaching approaches and activities.

Let Me Learn - Following Piaget's learning model, after receiving new information/concepts, children need to manipulate, use, and play with that new information in order for it to make sense to them and for them to 'accommodate' it into their existing learning.

Help Me Reflect -Throughout Jigsaw, children are encouraged to reflect on their learning experiences and their progress. By reflecting, children can process and evaluate what they have learnt, which enables them to consolidate and apply their learning. They are also asked to stop and become aware of their thoughts and feelings in any given moment in Pause

Points  thus developing their mindfulness.

Closure - Each Piece needs safe closure. This will always include the teacher praising the children for their effort, positive attitude and achievement, as well as giving one or two sentences to summarise the key learning points for the children.

Roles and Responsibilities

The Governing Body : Governing bodies have wider responsibilities under the Equalities Act 2010 <https://www.legislation.gov.uk/ukpga/2010/15/contents> and should ensure that their school strives to do the best for all of the pupils, irrespective of disability, educational needs, race, nationality, ethnic or national origin, sex, gender identity, religion or sexual orientation or whether they are looked after children.

The governing body has overall responsibility for the RSE policy, in ensuring that the school is implementing it effectively but should allow the headteacher and staff to exercise their own professional skills in delivering the curriculum in accordance with that policy.

Rather than being responsible for the detailed content of the RSE curriculum, it is the Governing Body's role, through a named governor, to check that the content and organisation complies with the overall policy set by them.

The Headteacher :_The headteacher is responsible for ensuring that RSE is taught consistently across the school and for managing requests to withdraw pupils from non-statutory components of RSE.

Teachers:_Staff are responsible for:

- Delivering RSE in a sensitive way;
- Modelling positive attitudes to RSE;
- Monitoring progress;
- Responding to the needs of individual pupils;
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE.

Relationships, Sex and Health Education Policy

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

Pupils: Pupils are expected to engage fully in RSE and when discussing issues related to RSE, treat others with respect and sensitivity.

Parents' Right to Withdraw

Parents do not have the right to withdraw their children from relationships education or from the science curriculum.

Parents have the right to withdraw their children from non-statutory components of sex education within RSE. Before doing so, parents are encouraged to talk to the class teacher and/or view the teaching resources in order to inform any decisions regarding withdrawing their child.

Requests for withdrawal should be put in writing and addressed to the headteacher. Alternative work will be given to pupils who are withdrawn from RSE. Please see Appendix 4.

Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

Monitoring Arrangements

The delivery of RSE is monitored by the PSHE Leader through: Planned book scrutinies, learning walks and pupil voice.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed annually by the PSHE leader. At every review, the policy will be approved by the headteacher and the governing body.

Reviewed: September 2025

To be reviewed: September 2026

Relationships, Sex and Health Education Policy

Appendix 2: By the End of Primary School Pupils Should Know (NEW GUIDANCE)

TOPIC	PUPILS SHOULD KNOW
Families and people who care about me	<ul style="list-style-type: none"> • That families are important for children growing up safe and happy because they can provide love, security and stability. • The characteristics of safe and happy family life, such as commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • That the families of other children, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • That stable, caring relationships are at the heart of safe and happy families and are important for children's security as they grow up. • That marriage and civil partnerships represent a formal and legally recognised commitment of two people to each other which is intended to be lifelong. • How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.
Caring friendships	<ul style="list-style-type: none"> • How important friendships are in making us feel happy and secure, and how people choose and make friends. • That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded. Pupils should learn skills for developing caring, kind friendships. • That not every child will have the friends they would like at all times, that most people feel lonely sometimes, and that there is no shame in feeling lonely or talking about it. • The characteristics of friendships that lead to happiness and security, including mutual respect, honesty, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences, and support with problems and difficulties. • That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened. • How to manage conflict, and that resorting to violence is never right. • How to recognise when a friendship is making them feel unhappy or uncomfortable, and how to get support when needed.

Relationships, Sex and Health Education Policy

TOPIC	PUPILS SHOULD KNOW
Respectful, kind relationships	<ul style="list-style-type: none">• How to pay attention to the needs and preferences of others, including in families and friendships. Pupils should be encouraged to discuss how we balance the needs and wishes of different people in relationships and why this can be complicated.• The importance of setting and respecting healthy boundaries in relationships with friends, family, peers and adults.• How to communicate effectively and manage conflict with kindness and respect; how to be assertive and express needs and boundaries; how to manage feelings, including disappointment and frustration.• Pupils should have opportunities to discuss the difference between being assertive and being controlling, and conversely the difference between being kind to other people and neglecting your own needs.• That they can expect to be treated with respect by others, and the importance of respecting others, including those who are different (for example, physically, in character, personality or backgrounds), or make different choices, or have different preferences or beliefs.• Practical steps they can take and skills they can develop in a range of different contexts to improve or support their relationships.• The conventions of courtesy and manners.• The importance of self-respect and how this links to their own happiness. Pupils should have opportunities to think about how they foster their own self-esteem and build a strong sense of their own identity, including through developing skills and interests.• The different types of bullying (including online bullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult), and how to get help.• What a stereotype is, how stereotypes can be unfair, negative, destructive or lead to bullying and how to challenge a stereotype.• How to seek help when needed, including when they are concerned about violence, harm, or when they are unsure who to trust.

Relationships, Sex and Health Education Policy

TOPIC	PUPILS SHOULD KNOW
Online safety and awareness	<ul style="list-style-type: none"> • That people should be respectful in online interactions, and that the same principles apply to online relationships as to face-to-face relationships, including where people are anonymous. For example, the importance of avoiding putting pressure on others to share information and images online, and strategies for resisting peer pressure. • How to critically evaluate their online relationships and sources of information, including awareness of the risks associated with people they have never met. For example, that people sometimes behave differently online, including pretending to be someone else, or pretending to be a child, and that this can lead to dangerous situations. How to recognise harmful content or harmful contact, and how to report this. • That there is a minimum age for joining social media sites (currently 13), which protects children from inappropriate content or unsafe contact with older social media users, who may be strangers, including other children and adults. • The importance of exercising caution about sharing any information about themselves online. Understanding the importance of privacy and location settings to protect information online. • Online risks, including that any material provided online might be circulated, and that once a picture or words has been circulated there is no way of deleting it everywhere and no control over where it ends up. • That the internet contains a lot of content that can be inappropriate and upsetting for children, and where to go for advice and support when they feel worried or concerned about something they have seen or engaged with online.
Being safe	<ul style="list-style-type: none"> • What sorts of boundaries are appropriate in friendships with peers and others (including online). This can include learning about boundaries in play and in negotiations about space, toys, books, resources etc. • The concept of privacy and its implications for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe contact, including physical contact. • How to respond safely and appropriately to adults they may encounter (in all contexts, including online), including those they do and do not know. • How to recognise when a relationship is harmful or dangerous, including skills for recognising who to trust and who not to trust. • How to report abuse, concerns about something seen online or experienced in real life, or feelings of being unsafe or feeling bad about any adult and the vocabulary and confidence needed to do so. • How to ask for advice or help for themselves or others, and to keep trying until they are heard. Where to get advice e.g. family, school and/or other sources.

Relationships, Sex and Health Education Policy

TOPIC	PUPILS SHOULD KNOW
General wellbeing	<ul style="list-style-type: none">• That• The benefits of physical activity, time outdoors, and helping others for health, wellbeing and happiness. Simple self-care techniques, including the importance of rest, time spent with friends and family, as well as hobbies, interests and community participation.• The importance of promoting general wellbeing and physical health.• The range and scale of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) that they might experience in different situations. Pupils should understand that worrying and feeling down are normal, affect everyone at different times, and are not in themselves a sign of a mental health condition.• How to recognise feelings and use varied vocabulary to talk about their own and others' feelings.• How to judge whether what they are feeling and how they are behaving is appropriate and proportionate.• That isolation and loneliness can affect children, and the benefits of seeking support.• That bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing and how to seek help for themselves or others.• That change and loss, including bereavement, can provoke a range of feelings, that grief is a natural response to bereavement, and that everyone grieves differently.• Where and how to seek support (including recognising the triggers for seeking support), including who in school they should speak to if they are worried about their own or someone else's mental wellbeing or ability to control their emotions (including issues arising online).• That it is common to experience mental health problems, and early support can help.

Relationships, Sex and Health Education Policy

TOPIC	PUPILS SHOULD KNOW
Wellbeing online	<ul style="list-style-type: none"> • That for almost everyone the internet is an integral part of life. Pupils should be supported to think about positive and negative aspects of the internet. • Pupils should be supported to discuss how online relationships can complement and support meaningful in-person relationships, but also how they might be in tension, and the reasons why online relationships are unlikely to be a good substitute for high quality in-person relationships, looking at the pros and cons of different ways of using online connection. • The benefits of limiting time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. • How to consider the impact of their online behaviour on others, and how to recognise and display respectful behaviour online. • Why social media, some apps, computer games and online gaming, including gambling sites, are age restricted. • The risks relating to online gaming, video game monetisation, scams, fraud and other financial harms, and that gaming can become addictive. • How to take a critical approach to what they see and read online and make responsible decisions about which content, including content on social media and apps, is appropriate for them. • That abuse, bullying and harassment can take place online and that this can impact wellbeing. How to seek support from trusted adults. • How to understand the information they find online, including from search engines, and know how information is selected and targeted. • That they have rights in relation to sharing personal data, privacy and consent. • Where and how to report concerns and get support with issues online.
Physical health and fitness	<ul style="list-style-type: none"> • The characteristics and mental and physical benefits of an active lifestyle. • The importance of building regular physical activity into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, moderate and/or vigorous physical activity. • The risks associated with an inactive lifestyle, including obesity. • How and when to seek support including which adults to speak to in school if they are worried about their health.
Healthy eating	<ul style="list-style-type: none"> • What constitutes a healthy diet (including understanding calories and other nutritional content). • Understanding the importance of a healthy relationship with food. • The principles of planning and preparing a range of healthy meals. • The characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health).
Drugs, alcohol, tobacco and vaping	<ul style="list-style-type: none"> • The facts about legal and illegal harmful substances and associated risks, including smoking, vaping, alcohol use and drug-taking. This should include the risks of nicotine addiction, which are also caused by other nicotine products such as nicotine pouches.

Relationships, Sex and Health Education Policy

TOPIC	PUPILS SHOULD KNOW
Health protection and prevention	<ul style="list-style-type: none"> • How to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. • About safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. • The importance of sufficient good quality sleep for health, the amount of sleep recommended for their age, and practical steps for improving sleep, such as not using screens in the bedroom. The impact of poor sleep on weight, mood and ability to learn. • About dental health and the benefits of good oral hygiene, including brushing teeth twice a day with fluoride toothpaste, cleaning between teeth, and regular checkups at the dentist. • About personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. • The facts and scientific evidence relating to vaccination and immunisation. The introduction of topics relating to vaccination and immunisation should be aligned with when vaccinations are offered to pupils.
Personal safety	<ul style="list-style-type: none"> • About hazards (including fire risks) that may cause harm, injury or risk and ways to reduce risks. • How to recognise risk and keep safe around roads, railways, including level crossings, and water, including the water safety code.
Basic first aid	<ul style="list-style-type: none"> • How to make a clear and efficient call to emergency services if necessary, including the importance of reporting incidents rather than filming them. • Concepts of basic first aid, for example dealing with common injuries and ailments, including head injuries.
Developing bodies	<ul style="list-style-type: none"> • About growth and other ways the body can change and develop, particularly during adolescence. This topic should include the human lifecycle, and puberty should be discussed as a stage in this process. • The correct names of body parts, including the penis, vulva, vagina, testicles, scrotum, nipples. Pupils should understand that all of these parts of the body are private and have skills to understand and express their own boundaries around these body parts. • The facts about the menstrual cycle, including physical and emotional changes, whilst the average age of the onset of menstruation is twelve, periods can start at eight, so covering this topic before girls' periods start will help them understand what to expect and avoid distress.

Jigsaw PSHE 3-11 progression map

These mapping documents are currently being updated to reflect the new 2025 RSHE guidance for England, which becomes statutory in September 2026. The RSHE statements below are taken from the 2019 Guidance, which schools can continue to follow until the necessary consultation and preparation has taken place through the 2025/2026 academic year.

Given the comprehensive nature of our review process, we'd recommend waiting until our updated materials are available (expected by end of December 2025) before undertaking any major policy reviews or curriculum mapping exercises.

Jigsaw, the mindful approach to PSHE, is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within all six Puzzles (units of work) including the key vocabulary used in each year group; explicit links to the DfE statutory Relationships and Health Education outcomes have been made in each Puzzle.

INTENT: Jigsaw holds children at its heart, and its cohesive vision helps children understand and value how they fit into and contribute to the world. With strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, Jigsaw 3-11 properly equips schools to deliver engaging and relevant PSHE within a whole-school approach. Jigsaw lessons also include mindfulness allowing children to advance their emotional awareness, concentration, focus and self-regulation.

IMPLEMENTATION: Jigsaw 3-11 offers a comprehensive programme for Primary PSHE, including statutory Relationships and Health Education, in a spiral, progressive and fully planned scheme of work, giving children relevant learning experiences to help them navigate their world and to develop positive relationships with themselves and others.

IMPACT: This can be established through assessment identified in the key learning.

Being Me in My World Puzzle – Autumn 1							
DfE Statutory Relationships & Health Education outcomes	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
	<p>PSED – ELG: SELF-REGULATION Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly.</p> <p>Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.</p> <p>ELG: MANAGING SELF Explain the reasons for rules, know right from wrong and try to behave accordingly.</p> <p>PSED – ELG: BUILDING RELATIONSHIPS Work and play co-operatively and take turns with others.</p> <p>Show sensitivity to their own and to others' needs.</p>	<p>Relationships Education – By end of primary, pupils should know:</p> <p>Caring friendships (R7) how important friendships are in making us feel happy and secure, and how people choose and make friends (R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties (R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded (R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.</p> <p>Respectful relationships (R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships (R14) the conventions of courtesy and manners (R15) the importance of self-respect and how this links to their own happiness (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.</p> <p>Online relationships (R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online, including when we are anonymous Being safe (R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context) (R32) where to get advice e.g. family, school and/or other sources.</p> <p>Physical Health and Well-Being – By end of primary, pupils should know:</p> <p>Mental well-being (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.</p>					
Puzzle overview Being Me in My World	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
	In this Puzzle (unit), the children learn about how they have similarities and differences from their friends and how that is OK. They begin working on recognising and managing their feelings, identifying different ones and the causes these can have. The children learn about	In this Puzzle (unit), the children are introduced to their Jigsaw Journals and discuss their Jigsaw Charter. As part of this, they discuss rights and responsibilities, and choices and consequences. The children learn about being special and how to make everyone feel safe in their class as well	In this Puzzle (unit), the children discuss their hopes and fears for the year ahead – they talk about feeling worried and recognising when they should ask for help and who to ask. They learn about rights and responsibilities; how to work collaboratively, how to listen to each other and how to make their classroom a safe and fair place. The children learn about choices and the consequences of making different choices, set up their Jigsaw Journals and make the Jigsaw Charter.	In this Puzzle (unit), the children learn to recognise their self-worth and identify positive things about themselves and their achievements. They discuss new challenges and how to face them with appropriate positivity. The children learn about the need for rules and how these relate to rights	In this Puzzle (unit), the children explore being part of a team. They talk about attitudes and actions and their effects on the whole class. The children learn about their school and its community, who all the different people are and what their roles are. They discuss democracy and link	In this Puzzle (unit), the children think and plan for the year ahead, goals they could set for themselves as well as the challenges they may face. They explore their rights and responsibilities as a member of their class, school, wider community and the country they live in. The children learn about their own behaviour and its	In this Puzzle (unit), the children discuss their year ahead, they learnt to set goals and discuss their fears and worries about the future. The children learn about the United Nations Convention on the Rights of the Child and that these are not met for all children worldwide. They discuss their choices and actions and how these can have far-

Celebrating Difference Puzzle – Autumn 2							
	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
DfE Statutory Relationships & Health Education outcomes	<p>PSED – ELG: SELF-REGULATION</p> <p>Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly.</p> <p>Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.</p>	<p>Relationships Education – By end of primary, pupils should know:</p> <p>Families and the people who care for me</p> <p>(R1) that families are important for children growing up because they can give love, security and stability</p> <p>(R2) the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other’s lives</p> <p>(R3) that others’ families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children’s families are also characterised by love and care</p> <p>(R4) that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children’s security as they grow up</p> <p>(R5) that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong</p> <p>(R6) how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.</p> <p>Caring friendships</p> <p>(R7) how important friendships are in making us feel happy and secure, and how people choose and make friends</p> <p>(R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties</p> <p>(R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded</p> <p>(R10) that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right</p> <p>(R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.</p> <p>Respectful relationships</p> <p>(R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs</p> <p>(R13) practical steps they can take in a range of different contexts to improve or support respectful relationships</p> <p>(R14) the conventions of courtesy and manners</p> <p>(R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority</p> <p>(R17) about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help</p> <p>(R18) what a stereotype is, and how stereotypes can be unfair, negative or destructive</p> <p>(R19) the importance of permission seeking and giving in relationships with friends, peers and adults.</p> <p>Online relationships</p> <p>(R20) that people sometimes behave differently online, including by pretending to be someone they are not</p> <p>(R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous</p> <p>(R22) the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them</p> <p>(R23) how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met.</p> <p>Being safe</p> <p>(R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)</p> <p>(R29) how to recognise and report feelings of being unsafe or feeling bad about any adult</p> <p>(R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard</p> <p>(R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so</p> <p>(R32) where to get advice e.g. family, school and/or other sources.</p>					
	<p>PSED – ELG: BUILDING RELATIONSHIPS</p> <p>Show sensitivity to their own and to others’ needs.</p>						

	<p>Physical Health and Well-Being – By end of primary, pupils should know:</p> <p>Mental well-being (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support (H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being (H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else’s mental well-being or ability to control their emotions (including issues arising online).</p> <p>Internet safety and harms (H13) how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private (H14) why social media, some computer games and online gaming, for example, are age restricted (H15) that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health (H17) where and how to report concerns and get support with issues online.</p>						
<p>Puzzle overview Celebrating Difference</p>	<p>EYFS</p> <p>In this Puzzle (unit), children are encouraged to think about things that they are good at whilst understanding that everyone is good at different things. They discuss being different and how that makes everyone special but also recognise that we are the same in some ways. The children share their experiences of their homes and are asked to explain why it is special to them. They learn about friendship and how to be a kind friend and how to stand up for themselves if someone says or does something unkind to them.</p>	<p>Year 1</p> <p>In this Puzzle (unit), the children explore the similarities and differences between people and how these make us unique and special. The children learn what bullying is and what it isn’t. They talk about how it might feel to be bullied and when and who to ask for help. The children discuss friendship, how to make friends and that it is OK to have differences/be different from their friends. The children also discuss being nice to and looking after other children who might be being bullied.</p>	<p>Year 2</p> <p>In this Puzzle (unit), the children learn about recognise gender stereotypes, that boys and girls can have differences and similarities and that is OK. They explore how children can be bullied because they are different, that this shouldn’t happen and how they can support a classmate who is being bullied. The children share feelings associated with bullying and how and where to get help. They explore similarities and differences and that it is OK for friends to have differences without it affecting their friendship.</p>	<p>Year 3</p> <p>In this Puzzle (unit), the children learn about families, that they are all different and that sometimes they fall out with each other. The children practise methods to calm themselves down and discuss the ‘Solve it together’ technique. The children revisit the topic of bullying and discuss being a witness (bystander); they discover how a witness has choices and how these choices can affect the bullying that is taking place. The children also talk about using problem-solving techniques in bullying situations. They discuss name-calling and practise choosing not to use hurtful words. They also learn about giving and receiving compliments and the feelings associated with this.</p>	<p>Year 4</p> <p>In this Puzzle (unit), the children consider the concept of judging people by their appearance, of first impressions and of what influences their thinking on what is normal. They explore more about bullying, including online bullying and what to do if they suspect or know that it is taking place. They discuss the pressures of being a witness and why some people choose to join in or choose to not tell anyone about what they have seen. The children share their own uniqueness and what is special about themselves. They talk about first impressions and when their own first impressions of someone have changed.</p>	<p>Year 5</p> <p>In this Puzzle (unit), the children explore culture and cultural differences. They link this to racism, debating what it is and how to be aware of their own feelings towards people from different cultures. They revisit the topic of bullying and discuss rumour spreading and name-calling. The children learn that there are direct and indirect ways of bullying as well as ways to encourage children to not using bullying behaviours. The children consider happiness regardless of material wealth and respecting other people’s cultures.</p>	<p>Year 6</p> <p>In this Puzzle (unit), the children discuss differences and similarities and that, for some people, being different is difficult. The children learn about bullying and how people can have power over others in a group. They discover strategies for dealing with this as well as wider bullying issues. The children learn about people with disabilities and look at specific examples of disabled people who have amazing lives and achievements.</p>

Relationships, Sex and Health Education Policy

<p>Taught knowledge</p> <p>(Key objectives are in bold)</p>	<ul style="list-style-type: none"> • Know what being unique means • Know the names of some emotions such as happy, sad, frightened, angry • Know why having friends is important • Know some qualities of a positive friendship • Know that they don't have to be 'the same as' to be a friend • Know what being proud means and that people can be proud of different things • Know that people can be good at different things • Know that families can be different • Know that people have different homes and why they are important to them • Know different ways of making friends • Know different ways to stand up for myself 	<ul style="list-style-type: none"> • Know what bullying means • Know who to tell if they or someone else is being bullied or is feeling unhappy • Know that people are unique and that it is OK to be different • Know skills to make friendships • Know that people have differences and similarities 	<ul style="list-style-type: none"> • Know the difference between a one-off incident and bullying • Know that sometimes people get bullied because of difference • Know that friends can be different and still be friends • Know there are stereotypes about boys and girls • Know where to get help if being bullied • Know that it is OK not to conform to gender stereotypes • Know it is good to be yourself • Know the difference between right and wrong and the role that choice has to play in this 	<ul style="list-style-type: none"> • Know what it means to be a witness to bullying and that a witness can make the situation worse or better by what they do • Know that conflict is a normal part of relationships • Know that some words are used in hurtful ways and that this can have consequences • Know why families are important • Know that everybody's family is different • Know that sometimes family members don't get along and some reasons for this 	<ul style="list-style-type: none"> • Know that some forms of bullying are harder to identify e.g. tactical ignoring, cyber-bullying • Know the reasons why witnesses sometimes join in with bullying and don't tell anyone • Know that sometimes people make assumptions about a person because of the way they look or act • Know there are influences that can affect how we judge a person or situation • Know what to do if they think bullying is or might be taking place • Know that first impressions can change 	<ul style="list-style-type: none"> • Know external forms of support in regard to bullying e.g. Childline • Know that bullying can be direct and indirect • Know what racism is and why it is unacceptable • Know what culture means • Know that differences in culture can sometimes be a source of conflict • Know that rumour-spreading is a form of bullying online and offline • Know how their life is different from the lives of children in the developing world 	<ul style="list-style-type: none"> • Know that people can hold power over others individually or in a group • Know that power can play a part in a bullying or conflict situation • Know that there are different perceptions of 'being normal' and where these might come from • Know that difference can be a source of celebration as well as conflict • Know that being different could affect someone's life • Know why some people choose to bully others • Know that people with disabilities can lead amazing lives

Dreams and Goals Puzzle – Spring 1								
DfE Statutory Relationships & Health Education outcomes	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year	
	<p>PSED ELG – SELF-REGULATION Set and work towards simple goals, being able to wait for what they want and control their immediate impulses when appropriate.</p> <p>Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.</p>	<p>Relationships Education – By end of primary, pupils should know:</p> <p>Respectful relationships (R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships (R14) the conventions of courtesy and manners (R15) the importance of self-respect and how this links to their own happiness (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority (R17) about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.</p> <p>Being safe (R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard.</p>						
	<p>PSED ELG: MANAGING SELF Be confident to try new activities and show independence, resilience and perseverance in the face of challenge.</p> <p>PSED – ELG: BUILDING RELATIONSHIPS Work and play co-operatively and take turns with others.</p>	<p>Physical Health and Well-Being – By end of primary, pupils should know:</p> <p>Mental well-being (H1) that mental well-being is a normal part of daily life, in the same way as physical health (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.</p>						
Puzzle overview Celebrating Difference	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	
	In this Puzzle, the children consider challenges and facing up to them. They discuss not giving up and trying until they have achieved their goal. The children are encouraged to think about jobs that they might like to have when they are older and are taught to associate what they learn now with being able to have the job they want. They also talk about achieving goals and the feelings linked to this.	In this Puzzle, the children talk about setting simple goals, how to achieve them as well as overcoming difficulties when they try. The children learn to recognise the feelings associated with facing obstacles to achieving their goals as well as when they achieve them. They discuss partner working and how to do this well.	In this Puzzle, the children explore setting realistic goals and how they can achieve them. They discuss perseverance when they find things difficult as well as recognising their strengths as a learner. The children consider group work and reflect on with whom they work well and with whom they don’t. They also reflect on sharing success with other people.	In this Puzzle, the children look at examples of people who have overcome challenges to achieve success and discuss what they can learn from these stories. The children identify their own dreams and ambitions and discuss how it will feel when they achieve them. They discuss facing learning challenges and identify their own strategies for overcoming these. The children consider obstacles that might stop them from achieving their goals and how to overcome these. They reflect on their progress and successes and identify what they could do better next time.	In this Puzzle, the children consider their hopes and dreams. They discuss how it feels when dreams don’t come true and how to cope with/overcome feelings of disappointment. The children discuss making new plans and setting new goals even if they have been disappointed. The class explore group work and overcoming challenges together. They reflect on their successes and the feelings associated with overcoming a challenge.	In this Puzzle, the children share their dreams and goals and how they might need money to help them achieve them. They consider jobs that people they know do, they look at the fact that some jobs pay more money than others and reflect on what types of jobs they might like to do when they are older. The children look at the similarities and differences between themselves (and their dreams and goals) and someone from a different culture.	In this Puzzle, the children share their own strengths and further stretching themselves by setting challenging and realistic goals. They discuss the learning steps they will need to take as well as talking about how to stay motivated. The children reflect on various global issues and explore places where people may be suffering or living in difficult situations; whilst doing this, they reflect on their own emotions linked to this learning. The children also discover what they think their classmates like and admire about them, as well as working on giving others praise and compliments.

Healthy Me Puzzle – Spring 2						
EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>DfE Statutory Relationships & Health Education outcomes</p> <p>PSED – ELG: SELF-REGULATION Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.</p> <p>PSED ELG: MANAGING SELF Manage their own basic hygiene and personal needs, including dressing, going to the toilet and understanding the importance of healthy food choices.</p>	<p>Relationships Education – By end of primary, pupils should know:</p> <p>Caring friendships (R7) how important friendships are in making us feel happy and secure, and how people choose and make friends (R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties (R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded (R10) that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right (R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.</p> <p>Respectful relationships (R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships (R14) the conventions of courtesy and manners (R15) the importance of self-respect and how this links to their own happiness (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.</p> <p>Online relationships (R20) that people sometimes behave differently online, including by pretending to be someone they are not (R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous (R22) the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them (R23) how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met (R24) how information and data is shared and used online.</p> <p>Being safe (R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context) (R26) about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe (R27) that each person’s body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact (R28) how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know (R29) how to recognise and report feelings of being unsafe or feeling bad about any adult (R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard (R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so (R32) where to get advice e.g. family, school and/or other sources.</p>					
	<p>Physical Health and Well-Being – By end of primary, pupils should know:</p> <p>Mental well-being (H1) that mental well-being is a normal part of daily life, in the same way as physical health (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate (H5) the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness (H6) simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support (H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being (H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else’s mental well-being or ability to control their emotions (including issues arising online) (H10) it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.</p>					

Relationships, Sex and Health Education Policy

	<p>Internet safety and harms (H11) that for most people the internet is an integral part of life and has many benefits (H12) about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others’ mental and physical well-being (H17) where and how to report concerns and get support with issues online.</p> <p>Physical health and fitness (H18) the characteristics and mental and physical benefits of an active lifestyle (H19) the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise (H20) the risks associated with an inactive lifestyle (including obesity) (H21) how and when to seek support including which adults to speak to in school if they are worried about their health.</p> <p>Healthy eating (H22) what constitutes a healthy diet (including understanding calories and other nutritional content) (H23) the principles of planning and preparing a range of healthy meals (H24) the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health).</p> <p>Drugs, alcohol (H25) the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking.</p> <p>Health and prevention (H26) how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body (H28) the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn (H30) about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing (H31) the facts and science relating to allergies, immunisation and vaccination.</p> <p>Basic first aid (H32) how to make a clear and efficient call to emergency services if necessary (H33) concepts of basic first-aid, for example dealing with common injuries, including head injuries.</p>
--	--

Puzzle overview Healthy Me	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
	In this Puzzle, children learn about their bodies: the names of some key parts as well as how to stay healthy. They talk about food and that some foods are healthier than others. They discuss the importance of sleep and what they can do to help themselves get to sleep. They talk about hand washing and why it is important. The class also discuss ‘stranger danger’ and what they should do if approached by someone they don’t know.	In this Puzzle, the children learn about healthy and less healthy choices and how these choices make them feel. They explore about hygiene, keeping themselves clean and that germs can make you unwell. The children learn about road safety, and about people who can help them to stay safe.	In this Puzzle, the children learn about healthy food; they talk about having a healthy relationship with food and making healthy choices. The children consider what makes them feel relaxed and stressed. They learn about medicines, how they work and how to use them safely. The children make healthy snacks and discuss why they are good for their bodies.	In this Puzzle, the children learn about the importance of exercise and how it helps your body to stay healthy. They also learn about their heart and lungs, what they do and how they are very important. The children discover facts about calories, fat and sugar; they discuss what each of these are and how the amount they consume can affect their health. The children learn about different types of drugs, the ones you take to make you better, as well as other drugs. The children consider things, places and people that are dangerous and link this to strategies for keeping themselves safe.	In this Puzzle, the children look at the friendship groups that they are part of, how they are formed, how they have leaders and followers and what role they play. The children reflect on their friendships, how different people make them feel and which friends they value the most. The children also learn about smoking and its effects on health; they do the same with alcohol and then look at the reasons why people might drink or smoke. Finally, they learn about peer pressure and how to deal with it successfully.	In this Puzzle, the children investigate the risks associated with smoking and how it affects the lungs, liver and heart. Likewise, they learn about the risks associated with alcohol misuse. They are taught a range of basic first aid and emergency procedures (including the recovery position) and learn how to contact the emergency services when needed. The children investigate how body types are portrayed in the media, social media and celebrity culture. They also learn about eating disorders and people’s relationships with food and how this can be linked to negative body image pressures.	In this Puzzle, the children discuss taking responsibility for their own physical and emotional health and the choices linked to this. They learn about different types of drugs and the effects these can have on people’s bodies. The children learn about exploitation as well as gang culture and the associated risks therein. They also learn about mental health/illness and that people have different attitudes towards this. They learn to recognise the triggers for and feelings of being stressed and that there are strategies they can use when they are feeling stressed.

Relationships, Sex and Health Education Policy

<p>Taught knowledge</p> <p>(Key objectives are in bold)</p>	<ul style="list-style-type: none"> • Know what the word 'healthy' means • Know some things that they need to do to keep healthy • Know the names for some parts of their body • Know when and how to wash their hands properly • Know how to say no to strangers • Know that they need to exercise to keep healthy • Know how to help themselves go to sleep and that sleep is good for them • Know what to do if they get lost 	<ul style="list-style-type: none"> • Know the difference between being healthy and unhealthy • Know some ways to keep healthy • Know how to make healthy lifestyle choices • Know that all household products, including medicines, can be harmful if not used properly • Know that medicines can help them if they feel poorly • Know how to keep safe when crossing the road • Know how to keep themselves clean and healthy • Know that germs cause disease/illness • Know about people who can keep them safe 	<ul style="list-style-type: none"> • Know what their body needs to stay healthy • Know what relaxed means • Know why healthy snacks are good for their bodies • Know which foods given their bodies energy • Know that it is important to use medicines safely • Know what makes them feel relaxed/stressed • Know how medicines work in their bodies • Know how to make some healthy snacks 	<ul style="list-style-type: none"> • Know how exercise affects their bodies • Know that the amount of calories, fat and sugar that they put into their bodies will affect their health • Know that there are different types of drugs • Know that there are things, places and people that can be dangerous • Know when something feels safe or unsafe • Know why their hearts and lungs are such important organs • Know a range of strategies to keep themselves safe • Know that their bodies are complex and need taking care of 	<ul style="list-style-type: none"> • Know that there are leaders and followers in groups • Know the facts about smoking and its effects on health • Know the facts about alcohol and its effects on health, particularly the liver • Know ways to resist when people are putting pressure on them • Know what they think is right and wrong • Know how different friendship groups are formed and how they fit into them • Know which friends they value most • Know that they can take on different roles according to the situation • Know some of the reasons some people start to smoke • Know some of the reasons some people drink alcohol 	<ul style="list-style-type: none"> • Know basic emergency procedures, including the recovery position • Know the health risks of smoking • Know how smoking tobacco affects the lungs, liver and heart • Know how to get help in emergency situations • Know that the media, social media and celebrity culture promotes certain body types • Know the different roles food can play in people's lives and know that people can develop eating problems/disorders related to body image pressure • Know some of the risks linked to misusing alcohol, including antisocial behaviour • Know what makes a healthy lifestyle 	<ul style="list-style-type: none"> • Know how to take responsibility for their own health • Know what it means to be emotionally well • Know how to make choices that benefit their own health and well-being • Know about different types of drugs and their uses • Know how these different types of drugs can affect people's bodies, especially their liver and heart • Know that stress can be triggered by a range of things • Know that being stressed can cause drug and alcohol misuse • Know that some people can be exploited and made to do things that are against the law • Know why some people join gangs and the risk that this can involve

Relationships Puzzle – Summer 1							
	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
DfE Statutory Relationships & Health Education outcomes	<p>PSED – ELG SELF-REGULATION Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly.</p> <p>Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.</p>	<p>Relationships Education – By end of primary, pupils should know:</p> <p>Families and the people who care for me (R1) that families are important for children growing up because they can give love, security and stability (R2) the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other’s lives (R3) that others’ families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children’s families are also characterised by love and care (R4) that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children’s security as they grow up (R5) that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (R6) how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.</p> <p>Caring friendships (R7) how important friendships are in making us feel happy and secure, and how people choose and make friends (R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties (R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded (R10) that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right (R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.</p> <p>Respectful relationships (R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships (R14) the conventions of courtesy and manners (R15) the importance of self-respect and how this links to their own happiness (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority (R17) about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help (R18) what a stereotype is, and how stereotypes can be unfair, negative or destructive (R19) the importance of permission-seeking and giving in relationships with friends, peers and adults.</p> <p>Online relationships (R20) that people sometimes behave differently online, including by pretending to be someone they are not (R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous (R22) the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them (R23) how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met (R24) how information and data is shared and used online.</p> <p>Being safe (R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context) (R26) about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe (R27) that each person’s body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact (R28) how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know (R29) how to recognise and report feelings of being unsafe or feeling bad about any adult (R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard (R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so (R32) where to get advice e.g. family, school and/or other sources.</p>					
	<p>PSED – ELG: BUILDING RELATIONSHIPS Form positive attachments to adults and friendships with peers.</p>						

Relationships, Sex and Health Education Policy

	<p>Physical Health and Well-Being – By end of primary, pupils should know:</p> <p>Mental well-being (H1) that mental well-being is a normal part of daily life, in the same way as physical health (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate (H5) the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness (H6) simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support (H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being (H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else’s mental well-being or ability to control their emotions (including issues arising online) (H10) it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.</p> <p>Internet safety and harms (H11) that for most people the internet is an integral part of life and has many benefits (H12) about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others’ mental and physical well-being (H13) how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private (H14) why social media, some computer games and online gaming, for example, are age restricted (H15) that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health (H16) how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted (H17) where and how to report concerns and get support with issues online.</p> <p>Physical health and fitness (H18) the characteristics and mental and physical benefits of an active lifestyle (H21) how and when to seek support including which adults to speak to in school if they are worried about their health.</p>						
<p>Puzzle Overview Relationships</p>	<p>EYFS</p> <p>Children are introduced to the key relationships in their lives. They learn about families and the different roles people can have in a family. They explore the friendships they have and what makes a good friend. They are introduced to simple strategies they can use to mend friendships. The children also practise Jigsaw’s Calm Me and how they can use this when feeling upset or angry.</p>	<p>Year 1</p> <p>Children’s breadth of relationships is widened to include people they may find in their school community. They consider their own significant relationships (family, friends and school community) and why these are special and important. As part of the lessons on healthy and safe relationships, children learn that touch can be used in kind and unkind ways. This supports later work on safeguarding. Pupils also consider their own personal attributes as a friend, family member and as part of a community, and are encouraged to celebrate these.</p>	<p>Year 2</p> <p>Learning about family relationships widens to include roles and responsibilities in a family and the importance of co-operation, appreciation and trust. Friendships are also revisited with a focus on falling out and mending friendships. This becomes more formalised and the children learn and practise two different strategies for conflict resolution (Solve it together and Mending Friendships). Children consider the importance of trust in relationships and what this feels like. They also learn about two types of secret, and why ‘worry secrets’ should always be shared with a trusted adult. Children reflect upon different types of physical contact in relationships, which are acceptable and which ones are not. They practise strategies for being assertive</p>	<p>Year 3</p> <p>In this Puzzle, children revisit family relationships and identify the different expectations and roles that exist within the family home. They identify why stereotypes can be unfair and may not be accurate, e.g. Mum is the carer, Dad goes to work. They also look at careers and why stereotypes can be unfair in this context. They learn that families should be founded on love, respect, appreciation, trust and co-operation. Children are reminded about the Solve it together technique for negotiating conflict situations and the concept of a win-win outcome is introduced.</p> <p>Online relationships through gaming and apps are explored and children are introduced to some rules for staying safe online. Children also learn that they are part of a global</p>	<p>Year 4</p> <p>Learning in this year group starts focussing on the emotional aspects of relationships and friendships. With this in mind, children explore jealousy and loss/ bereavement. They identify the emotions associated with these relationship changes, the possible reasons for the change and strategies for coping with the change. The children learn that change is a natural in relationships and they will experience (or may have already experienced) some of these changes. Children revisit skills of negotiation particularly to help manage a change in a relationship. They also learn that sometimes it is better if relationships end, especially if they are causing negative feelings or they are unsafe. Children are taught that</p>	<p>Year 5</p> <p>Children learn about the importance of self-esteem and ways this can be boosted. This is important in an online context as well as offline, as mental health can be damaged by excessive comparison with others. This leads onto a series of lessons that allow the children to investigate and reflect upon a variety of positive and negative online/social media contexts including gaming and social networking. They learn about age-limits and also age-appropriateness. Within these lessons, children are taught the SMARRT internet safety rules and they apply these in different situations. Risk, pressure and influences are revisited with a focus on the physical and emotional aspects of identifying when something online or in social media feels uncomfortable or unsafe. Children are taught about grooming and how people online can pretend to be whoever they want. Rights,</p>	<p>Year 6</p> <p>In this Puzzle, the children learn more about mental health and how to take care of their own mental well-being. They explore the grief cycle and its various stages, and discuss the different causes of grief and loss. The children learn about people who can try to control them or have power over them. They investigate online safety, learning how to judge if something is safe and helpful, as well as talking about communicating with friends and family in a positive and safe way.</p>

Relationships, Sex and Health Education Policy

			when someone is hurting them or being unkind. The children also learn about people who can help them if they are worried or scared.	community and they are connected to others they don't know in many ways, e.g. through global trade. They investigate the wants and needs of other children who are less fortunate and compare these with their own. Children's universal rights are also revisited.	relationship endings can be amicable.	responsibilities and respect are revisited with an angle on technology use. Screen time is also discussed and children find ways to reduce their own screen time. This Puzzle aims to help children to be more discerning when viewing anything online or on social media.	
<p>Taught knowledge</p> <p>(Key objectives are in bold)</p>	<ul style="list-style-type: none"> • Know what a family is • Know that different people in a family have different responsibilities (jobs) • Know some of the characteristics of healthy and safe friendships • Know that friends sometimes fall out • Know some ways to mend a friendship • Know that unkind words can never be taken back and they can hurt • Know how to use Jigsaw's Calm Me to help when feeling angry • Know some reasons why others get angry 	<ul style="list-style-type: none"> • Know that everyone's family is different • Know that families are founded on belonging, love and care • Know that physical contact can be used as a greeting • Know how to make a friend • Know who to ask for help in the school community • Know that there are lots of different types of families • Know the characteristics of healthy and safe friends • Know about the different people in the school community and how they help 	<ul style="list-style-type: none"> • Know that there are lots of forms of physical contact within a family • Know how to stay stop if someone is hurting them • Know there are good secrets and worry secrets and why it is important to share worry secrets • Know what trust is • Know that everyone's family is different • Know that families function well when there is trust, respect, care, love and co-operation • Know some reasons why friends have conflicts • Know that friendships have ups and downs and sometimes change with time • Know how to use the Mending Friendships or Solve it together problem-solving methods 	<ul style="list-style-type: none"> • Know that different family members carry out different roles or have different responsibilities within the family • Know some of the skills of friendship, e.g. taking turns, being a good listener • Know some strategies for keeping themselves safe online • Know that they and all children have rights (UNCRC) • Know that gender stereotypes can be unfair, e.g. Mum is always the carer, Dad always goes to work etc • Know how some of the actions and work of people around the world help and influence my life • Know the lives of children around the world can be different from their own 	<ul style="list-style-type: none"> • Know some reasons why people feel jealousy • Know that loss is a normal part of relationships • Know that negative feelings are a normal part of loss • Know that sometimes it is better for a friendship/relationship to end if it is causing negative feelings or is unsafe • Know that jealousy can be damaging to relationships • Know that memories can support us when we lose a special person or animal 	<ul style="list-style-type: none"> • Know that there are rights and responsibilities in an online community or social network • Know that there are rights and responsibilities when playing a game online • Know that too much screen time isn't healthy • Know how to stay safe when using technology to communicate with friends • Know that a personality is made up of many different characteristics, qualities and attributes • Know that belonging to an online community can have positive and negative consequences 	<ul style="list-style-type: none"> • Know that it is important to take care of their own mental health • Know ways that they can take care of their own mental health • Know the stages of grief and that there are different types of loss that cause people to grieve • Know that sometimes people can try to gain power or control them • Know some of the dangers of being 'online' • Know how to use technology safely and positively to communicate with their friends and family

Relationships, Sex and Health Education Policy

<p>Social and Emotional skills</p> <p>(Key objectives are in bold)</p>	<ul style="list-style-type: none"> • Can identify what jobs they do in their family and those carried out by parents/carers and siblings • Can suggest ways to make a friend or help someone who is lonely • Can use different ways to mend a friendship • Can recognise what being angry feels like • Can use Calm Me when angry or upset 	<ul style="list-style-type: none"> • Can express how it feels to be part of a family and to care for family members • Can say what being a good friend means • Can identify forms of physical contact they prefer • Can say no when they receive a touch they don't like • Can show skills of friendship • Can praise themselves and others • Can recognise some of their personal qualities • Can say why they appreciate a special relationship 	<ul style="list-style-type: none"> • Can identify the different roles and responsibilities in their family • Can recognise the value that families can bring • Can recognise and talk about the types of physical contact that is acceptable or unacceptable • Can identify the negative feelings associated with keeping a worry secret • Can identify who they trust in their own relationships • Can use positive problem-solving techniques (Mending Friendships or Solve it together) to resolve a friendship conflict • Can identify the feelings associated with trust • Can give and receive compliments • Can say who they would go to for help if they were worried or scared 	<ul style="list-style-type: none"> • Can identify the responsibilities they have within their family • Know how to access help if they are concerned about anything on social media or the internet • Can empathise with people from other countries who may not have a fair job or are less fortunate • Understand that they are connected to the global community in many different ways • Can use Solve it together in a conflict scenario and find a win-win outcome • Can identify similarities in children's rights around the world • Can identify their own wants and needs and how these may be similar or different from other children in school and the global community 	<ul style="list-style-type: none"> • Can identify feelings and emotions that accompany jealousy • Can suggest positive strategies for managing jealousy • Can identify people who are special to them and express why • Can identify the feelings and emotions that accompany loss • Can suggest strategies for managing loss • Can tell you about someone they no longer see • Can suggest ways to manage relationship changes including how to negotiate 	<ul style="list-style-type: none"> • Can suggest strategies for building self-esteem of themselves and others • Can identify when an online community/social media group feels risky, uncomfortable, or unsafe • Can suggest strategies for staying safe online/ social media • Can say how to report unsafe online/social network activity • Can identify when an online game is safe or unsafe • Can suggest ways to monitor and reduce screen time • Can suggest strategies for managing unhelpful pressures online or in social networks 	<ul style="list-style-type: none"> • Recognise that people can get problems with their mental health and that it is nothing to be ashamed of • Can help themselves and others when worried about a mental health problem • Recognise when they are feeling grief and have strategies to manage them • Demonstrate ways they could stand up for themselves and their friends in situations where others are trying to gain power or control • Can resist pressure to do something online that might hurt themselves or others • Can take responsibility for their own safety and well-being

Changing Me Puzzle – Summer 2							
	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
DfE Statutory Relationships & Health Education outcomes	<p>PSED – ELG: SELF-REGULATION Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.</p> <p>PSED – ELG: BUILDING RELATIONSHIPS Show sensitivity to their own and to others’ needs.</p>	<p>Relationships Education - By end of primary, pupils should know:</p> <p>Families and the people who care for me (R1) that families are important for children growing up because they can give love, security and stability (R2) the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other’s lives (R3) that others’ families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children’s families are also characterised by love and care (R4) that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children’s security as they grow up (R6) how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.</p> <p>Caring friendships (R7) how important friendships are in making us feel happy and secure, and how people choose and make friends (R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties (R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded.</p> <p>Respectful relationships (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships (R15) the importance of self-respect and how this links to their own happiness (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority (R18) what a stereotype is, and how stereotypes can be unfair, negative or destructive (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.</p> <p>Being safe (R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context) (R26) about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe (R27) that each person’s body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact (R29) how to recognise and report feelings of being unsafe or feeling bad about any adult (R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard (R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so (R32) where to get advice e.g. family, school and/or other sources.</p>					

Relationships, Sex and Health Education Policy

	<p>Physical Health and Well-Being – By end of primary, pupils should know:</p> <p>Mental well-being (H1) that mental well-being is a normal part of daily life, in the same way as physical health (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate (H5) the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness (H6) simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support (H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being (H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else’s mental well-being or ability to control their emotions (including issues arising online) (H10) it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.</p> <p>Changing adolescent body (H34) key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes (H35) about menstrual well-being including the key facts about the menstrual cycle.</p>						
<p>Puzzle Overview Changing Me</p>	<p>EYFS</p> <p>Children are encouraged to think about how they have changed from being a baby and what may change for them in the future. They consolidate the names and functions of some of the main parts of the body and discuss how these have changed. They learn that our bodies change in lots of different ways as we get older. Children understand that change can bring about positive and negative feelings, and that sharing these can help. They also consider the role that memories can have in managing change.</p>	<p>Year 1</p> <p>Children are introduced to life cycles, e.g. that of a frog and identify the different stages. They compare this with a human life cycle and look at simple changes from baby to adult, e.g. getting taller, learning to walk, etc. They discuss how they have changed so far and that people grow up at different rates. As part of a school’s safeguarding duty, pupils are taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicles, vulva). They are also taught that nobody has the right to hurt these parts of the body. Change is discussed as a natural and normal part of getting older which can bring about happy and sad feelings. Children practise a range of skills to help manage their feelings and learn how to access help if they are worried about change, or if someone is hurting them.</p>	<p>Year 2</p> <p>In this Puzzle, children compare different life cycles in nature, including that of humans. They reflect on the changes that occur (not including puberty) between baby, toddler, child, teenager, adult and old age. Within this, children also discuss how independence, freedoms and responsibility can increase with age. As part of a school’s safeguarding duty, pupils are re-taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicle, vulva). They are also reminded that nobody has the right to hurt these parts of the body, including a lesson on inappropriate touch and assertiveness. Children practise a range of strategies for managing feelings and emotions. They are also taught where they can get help if worried or frightened. Change is taught as a natural and normal part of growing up and the range of emotions that can occur with change are explored and discussed.</p>	<p>Year 3</p> <p>This Puzzle begins learning about babies and what they need to grow and develop including parenting. Children are taught that it is usually the female that carries the baby in nature. This leads onto lessons where puberty is introduced. Children first look at the outside body changes in males and females. They learn that puberty is a natural part of growing up and that it is a process for getting their bodies ready to make a baby when grown-up. Inside body changes are also taught. Children learn that females have eggs (ova) in their ovaries and these are released monthly. If unfertilised by a male’s sperm, it passes out of the body as a period. Sexual intercourse and the birth of the baby are not taught in this year group. Children discuss how they feel about puberty and growing up and there are opportunities for them to seek reassurance if anything is worrying them.</p>	<p>Year 4</p> <p>In this Puzzle, bodily changes at puberty are revisited with some additional vocabulary, particularly around menstruation. Sanitary health is taught, including introducing pupils to different sanitary and personal hygiene products. Conception and sexual intercourse are introduced in simple terms so the children understand that a baby is formed by the joining of an ovum and sperm. They also learn that the ovum and sperm carry genetic information that carry personal characteristics. The Puzzle ends by looking at the feelings associated with change and how to manage these. Children are introduced to Jigsaw’s Circle of change model as a strategy for managing future changes.</p>	<p>Year 5</p> <p>In this Puzzle, the children revisit self-esteem, self-image and body image. They learn that we all have perceptions about ourselves and others, and these may be right or wrong. They also reflect on how social media and the media can promote unhelpful comparison and how to manage this. Puberty is revisited in further detail, explaining bodily changes in males and females. Sexual intercourse is explained in slightly more detail than in the previous year. Children are encouraged to ask questions and seek clarification about anything they don’t understand. Further details about pregnancy are introduced including some facts about the development of the foetus and some simple explanation about alternative ways of conception, e.g. IVF. Children learn that having a baby is a personal choice. Details of contraceptive options and methods are not taught as this is not age-appropriate. Reasons why people choose to be in a romantic relationship and choose to have a baby are also explored. Children look at what becoming a teenager means for them with an increase in freedom, rights and responsibilities. They also consider the perceptions that surround teenagers and reflect</p>	<p>Year 6</p> <p>In this Puzzle, the children learn about puberty in boys and girls and the changes that will happen; they reflect on how they feel about these changes. The children also learn about childbirth and the stages of development of a baby, starting at conception. They explore what it means to be being physically attracted to someone and the effect this can have upon the relationship. They learn about different relationships and the importance of mutual respect and not pressuring/being pressured into doing something that they don’t want to. The children also learn about self-esteem, why it is important and ways to develop it. Finally, they look at the transition to secondary school (or next class) and what they are looking forward to/are worried about and how they can prepare themselves mentally.</p>

Relationships, Sex and Health Education Policy

						whether they are always accurate, e.g. teenagers are always moody; all teenagers have a boyfriend/girlfriend, etc.	
<p>Taught knowledge</p> <p>(Key objectives are in bold)</p>	<ul style="list-style-type: none"> Know the names and functions of some parts of the body (see vocabulary list) Know that we grow from baby to adult Know who to talk to if they are feeling worried Know that sharing how they feel can help solve a worry Know that remembering happy times can help us move on 	<ul style="list-style-type: none"> Know the names of male and female private body parts Know that there are correct names for private body parts and nicknames, and when to use them Know which parts of the body are private and that they belong to that person and that nobody has the right to hurt these Know who to ask for help if they are worried or frightened Know that animals including humans have a life cycle Know that changes happen when we grow up Know that people grow up at different rates and that is normal Know that learning brings about change 	<ul style="list-style-type: none"> Know the physical differences between male and female bodies Know that private body parts are special and that no one has the right to hurt these Know who to ask for help if they are worried or frightened Know there are different types of touch and that some are acceptable and some are unacceptable Know the correct names for private body parts Know that life cycles exist in nature Know that aging is a natural process including old age Know that some changes are out of an individual's control Know how their bodies have changed from when they were a baby and that they will continue to change as they age 	<ul style="list-style-type: none"> Know that the male and female body needs to change at puberty so their bodies can make babies when they are adults Know some of the outside body changes that happen during puberty Know some of the changes on the inside that happen during puberty Know that in animals and humans lots of changes happen between conception and growing up Know that in nature it is usually the female that carries the baby Know that in humans a mother carries the baby in her uterus (womb) and this is where it develops Know that babies need love and care from their parents/carers Know some of the changes that happen between being a baby and a child 	<ul style="list-style-type: none"> Know that personal characteristics are inherited from birth parents and this is brought about by an ovum joining with a sperm Know that babies are made by a sperm joining with an ovum Know the names of the different internal and external body parts that are needed to make a baby Know how the female and male body change at puberty Know that change can bring about a range of different emotions Know that personal hygiene is important during puberty and as an adult Know that change is a normal part of life and that some cannot be controlled and have to be accepted 	<ul style="list-style-type: none"> Know how girls' and boys' bodies change during puberty and understand the importance of looking after themselves physically and emotionally Know that sexual intercourse can lead to conception Know that some people need help to conceive and might use IVF Know that becoming a teenager involves various changes and also brings growing responsibility Know what perception means and that perceptions can be right or wrong 	<ul style="list-style-type: none"> Know how girls' and boys' bodies change during puberty and understand the importance of looking after themselves physically and emotionally Know how a baby develops from conception through the nine months of pregnancy and how it is born Know how being physically attracted to someone changes the nature of the relationship Know the importance of self-esteem and what they can do to develop it Know what they are looking forward to and what they are worried about when thinking about transition to secondary school/moving to their next class
<p>Social and Emotional skills</p> <p>(Key objectives)</p>	<ul style="list-style-type: none"> Recognise that changing class can elicit happy and/or sad emotions Can say how they feel about changing class/growing up 	<ul style="list-style-type: none"> Understand and accept that change is a natural part of getting older Can suggest ways to manage change, e.g. moving to a new class 	<ul style="list-style-type: none"> Can say who they would go to for help if worried or scared Can say what types of touch they find comfortable/uncomfortable 	<ul style="list-style-type: none"> Can express how they feel about puberty Can say who they can talk to about puberty if they have any worries 	<ul style="list-style-type: none"> Can appreciate their own uniqueness and that of others Can express any concerns they have about puberty 	<ul style="list-style-type: none"> Can celebrate what they like about their own and others' self-image and body image Can suggest ways to boost self-esteem of self and others 	<ul style="list-style-type: none"> Recognise ways they can develop their own self-esteem Can express how they feel about the changes that will happen to them during puberty

SMSC Links: Every Jigsaw lesson from Early Years to upper primary offers opportunities for children’s **spiritual, moral, social and cultural (SMSC) development**, and this is clearly mapped and balanced across each year group. Likewise, Jigsaw is designed to provide structured opportunities in every lesson to practise **and enhance the five skills associated with the emotional literacy (self-awareness, social skills, empathy, motivation and managing feelings)**. At Jigsaw, we believe that these opportunities are vital for children’s development, their understanding of themselves and others and in increasing their capacity to learn.

British Values: Jigsaw PSHE 3-11 supports the **British Values** of Democracy, Rule of Law, Individual Liberty, Mutual Respect and Tolerance of those of different faiths and beliefs. It has been mapped lesson by lesson against the British Values agenda.
