

## **Data Headlines 2025**

### **EYFS Good Level of Development**

| <b>Glebe 2025</b> | <b>Glebe 2024</b> | <b>National Average 2024<br/>(2025 not yet published)</b> |
|-------------------|-------------------|-----------------------------------------------------------|
| 77%               | 73%               | 68%                                                       |

### **Year 1 Phonics Check**

| <b>Glebe 2025</b> | <b>Glebe 2024</b> | <b>National Average 2025<br/>(predicted, not confirmed)</b> |
|-------------------|-------------------|-------------------------------------------------------------|
| 96%               | 94%               | 80%                                                         |

### **Year 2 Phonics Check**

| <b>Glebe 2025</b> | <b>Glebe 2024</b> | <b>National Average 2025<br/>(predicted, not confirmed)</b> |
|-------------------|-------------------|-------------------------------------------------------------|
| 98%               | 97%               | 91%                                                         |

### **Year 4 Multiplication Check\***

There is no expected standard threshold for the MTC, but higher scores indicate greater proficiency in fluency recalling multiplication tables (Standdards & Testing Agency)

| <b>Glebe 2025</b> | <b>Glebe 2024</b> | <b>National Average 2025<br/>(Predicted, not confirmed)</b> |
|-------------------|-------------------|-------------------------------------------------------------|
| 43%               | 40%               | 38%                                                         |

\*Based on pupils who scored 25/25

National average score was 18/25 so with this in mind:

| <b>Glebe 2025</b> | <b>Glebe2024</b> | <b>National Average 2025</b> |
|-------------------|------------------|------------------------------|
| 93%               | 81%              | Not Published                |

## KS2 SATS Results

### Expected Standard

| Expected     | Glebe 2025 | Glebe 2024 | National Average 2025 |
