

## Sports Premium Action Plan 2016/17

Total Allocation Received: £10,520

Overall School Aims:

- Encourage greater participation in sporting activities both in an out of school
- Provide greater opportunities for pupils to participate in competitive sports/activities
- Improve the quality of school provision including standards of PE teaching
- Develop pupil skills in a range of activities
- Improve physical fitness and health of pupils

<b>Sports Premium Used For</b>	<b>Amount Allocated</b>	<b>Summary of Activity</b>	<b>Intended Outcome</b>	<b>Monitoring and Success Evidence</b>	<b>Actual Impact (As a result of this action)</b>	<b>Review and Future Planning. Would this be repeated? Improvements to be made?</b>
Additional Swimming in Year 5	£3200	This has proved successful over the last few year and it is the intention to continue this. Children will get more lessons per year and enjoy smaller staff to pupil ratios.	Continued high proportions of pupils passing the NC test and progressing beyond this.	This will be monitored by the PE subject leader, SLT and governing body. Expectations are: 80% + of pupils achieve NC level in swimming	The additional sessions means the children are getting the best possible opportunity to develop their swimming skills and meet the national curriculum standard and beyond.	
Additional extra curricular coaching to enable pupils to take part in inter school	£2500	Coaches run lunchtime and after school clubs in: <ul style="list-style-type: none"> <li>• Cross country</li> <li>• Girls' football</li> <li>• Cricket</li> <li>• Rugby</li> <li>• Hockey</li> </ul> Coaching sessions culminate in	Wider participation opportunities for children including some targeted groups eg girls Increased use of the MUGA at lunchtime.	Coaches to feed back to SLT on sessions and competition outcomes. Pupils enjoy participating and are encouraged to join other local clubs.	This continues to be a great success and has expanded to the point that there are lunchtime clubs on virtually every day of the week.	

sport		participation in an inter school tournament. As part of this, additional resources have been purchased to support the activities.				
Continue with Cardio Club twice a week	£920	Maintain the twice weekly keep fit sessions after school where pupils can learn keep fit exercises that can also be followed at home. Target children where possible who would benefit from this.	High participation rates and improved fitness and awareness of health issues. Contribute to lowering number of pupils who are overweight.	SLT to monitor this and report to Governing Body. Evidence that sessions are having an impact on pupil attitudes to health and fitness.	This remains very popular with high take up rates among the children. It has been particularly popular with younger children who may get fewer opportunities elsewhere.	
Further develop inter house sport	£1800	Building on this project from last year develop further opportunities for all pupils to participate in inter house sport. Use PE lessons to develop skills in particular sports eg softball (where possible supported by specialist coaching). Use these skills as part of inter house competitions outside of normal school hours using additional support staff and coaches to supervise  As part of this, additional resources have been purchased to support the activities.	All pupils (regardless of ability) will have the opportunity to take part in a house tournament. Pupils will be highly motivated by participating in a tournament. Parents will have the opportunity to attend. School outside sources clubs where skills can be followed up	SLT and PE leader to monitor. Standard of play is good and pupils enjoy the experience. Some pupils are encouraged to join a club outside of school.	Again this was very successful with all pupils in KS 1 and KS2 having the opportunity to take part.	

<p>KS2 sports day to be held at the track at Hillingdon Leisure Centre.</p>	<p>£1200</p>	<p>KS2 children to participate in a range of sports day activities at an athletics track. This will involve the running track, high jump and jumping into a long jump sand pit.</p>	<p>To raise the profile of athletics and give the children the experience of running on a track.</p>	<p>Children to enjoy the sense of occasion of a sports day. Most children will never have the opportunity to run on a track. Children inspired to join an athletics club.</p>	<p>Previous sports day held at the track was a memorable occasion for those that participated and one they still talk about.</p>	
<p>Engage in effective partnerships with local partners to deliver a broad experience of sports and activities.</p>	<p>£900</p>	<p>To introduce “taster sessions” for children to experience different sports ie taekwondo, archery, bmx</p> <p>Work with experts in different sports to deliver taster days for children in KS1 and KS2.</p>	<p>Increased participation in sport and children experience a broader range of sports and activities.</p> <p>Raise the profile of PE and sport across the school.</p>	<p>Children experience a sport of activity that they wouldn’t normally be able to.</p> <p>Children continue with the activity or sport outside of school.</p>	<p>The aim will be to see more children trying a variety of different sports including those they can continue outside of school.</p>	

Planned produced October 2016.
