## £4million cuts to deaf children's education support

### Tell your MP to act now

Parents

This year 1/3 of councils in England are planning to cut funding for deaf children's education by £4million.

This lack of funding is now a national crisis. And it's putting deaf children's futures at risk.

This must stop now. The Government must fund deaf children's education properly. Hillingdon Council are reviewing their services for deaf children currently.

### Ask your MP to act now.

Thank you for your support,

Sally

Campaigns team  
The National Deaf Children's Society

P.S. Don't forget to email your MP.
